## WELCOME TO PUERTO VALLARTA

Spanish explorers first landed on the shores of Banderas Bay during the 16th century. The area became known as a safe haven for ships to find shelter from pirates and stock up on needed supplies such as food, water and firewood. In 1918, The Montgomery Fruit Company was established north of Vallarta. The company transformed 70,000 acres into banana plantations used for exportation. A railroad was built to bring the product from the farms to the coast and the area saw a tremendous amount of growth. The area got its first taste of tourism in the 1930s when those who visited the area kept returning year after year. Each year the number of tourists grew as word of the area's beauty and tranquility spread. By 1950 the area was known internationally, but it wasn't till the release of the film *The Night of the Iguana* (filmed in 1963) that tourists flocked to the area which was officially established as a city in 1968.

### Travel Safety Tips

While you will find many great experiences in Mexico's ports of call, as in any large city, you'll want to take some basic precautions to make the most of your time ashore.  
\*Be aware of your surroundings at all times.  
\*Avoid short cuts, narrow alleys or poorly lit streets.  
We recommend that guests only visit the downtown shopping areas and other tourist locations.  
\*Leave valuables in your room safe and avoid carrying large amounts of cash. Credit cards are widely accepted in Mexico.  
\*Exercise caution when using ATMs. Only use ATMs inside banks or in well policed areas.

\*Cameras and handbags should be carried out of sight and secured to your person with a strap.  
\*Leave passports, air transportation tickets and other travel documents in your room safe. If necessary, it is best to carry a photocopy of your passport when going ashore.  
\*Renting a car comes with significant safety risks and is not recommended.  
\*If traveling by taxi, use only licensed taxi operators.  
\*In general, use the same level of precaution you would use in any tourist destination.  
\*You may also wish to consider going ashore with one of the many organized group Port Adventures.

## WELCOME TO CABO SAN LUCAS!

The area of Cabo San Lucas was originally inhabited by the Pericues who were a Native American tribe known for their skillful weaving and extensive knowledge of irrigation. The first explorers of the area were Hernan Cortez in 1535 and Juan Rodriguez Cabrillo in 1542. Pirates used the area as a provision stop and hiding place after attacks on the Manila Galleons. After the Spanish treasure-galleon, the "Great St Anne" was captured; King Phillip of Spain ordered an establishment of a fortress at Cabo to rid the waters of the "undesirables." The founding of the fort opened the area up for exploration and at the end of the 19th century the exportation of bark from the palo blanco tree made the area a main shipping port. Today, the warm waters, the beaches and the abundance of world-famous sport fishing motivate a great number of vacationers to visit Cabo San Lucas.

### Travel Safety Tips

While you will find many great experiences in Mexico's ports of call, as in any large city, you'll want to take some basic precautions to make the most of your time ashore.

- Be aware of your surroundings at all times.
- Avoid short cuts, narrow alleys or poorly lit streets.
- We recommend that guests only visit the downtown shopping areas and other tourist locations.
- Leave valuables in your room safe and avoid carrying large amounts of cash. Credit cards are widely accepted in Mexico.
- Exercise caution when using ATMs. Only use ATMs inside banks or in well policed areas.

- Cameras and handbags should be carried out of sight and secured to your person with a strap.
- Leave passports, air transportation tickets and other travel documents in your room safe.
- If necessary, it is best to carry a photocopy of your passport when going ashore.
- Renting a car comes with significant safety risks and is not recommended.
- If traveling by taxi, use only licensed taxi operators.
- In general, use the same level of precaution you would use in any tourist destination.
- You may also wish to consider going ashore with one of the many organized group Port Adventures.
